## ~Presidents Message~

Hope all of your April hunts have been successful. Dodging the rain adds a little difficulty but that makes it an adventure. The Spring Club Hunt was attended by 17 hunters and 5 guests. The day was beautiful with clear sky and mild temperature. This is the first hunt in a while that all the tokens were found. Not all the silver was accounted for though. Soooo, if you know where to go . . . A special "Thank you" to Gary for making the club hunt a success.

Along with the usual activities, our May meeting will feature a presentation by Wayne Fontaine of his visit to the Fisher Museum. It looks to be very informative. For the June meeting, bring a sample of your favorite or most interesting collection. We all have other interests and hope you would like to share your passion with the club.

Hope to see you out there.

Bob Clark
