## ~Presidents Message~

It has been a warm September. Hope you have been out hunting. There was a good turnout for the Woodward Park group hunt. The find of the day was by Don Martin with his first ring. Hope to see many presentations from our club members. The club hunt is confirmed for October 17 at the Sportsmen's Club.

As I write this message, I am reminded of the first meeting I attended with all the helpful hints, clues, and suggestions offered by club members. I didn't even possess a metal detector at that time. With all the information I received at that meeting, I, along with my dad, went detector shopping. With the help of Phil at Fresno Coin Gallery and the information I received from the club members, I began a journey of treasure hunting I had long been just dreaming about. It has guided me to meeting many interesting people and along the way many interesting finds. With that, I will be absent from the October club meeting because I have been invited to detect and relic hunt in and around Cherry Creek, Nevada from the 2<sup>nd</sup> to the 8<sup>th</sup>. This proposes to be my best lead so far for possible relics and caches. I will still be with you in spirit. And, if cell service is adequate, I will try to call with an update before/during the meeting.

Happy hunting, Bob Clark
